Mostyn Prichard

Photographs mostly taken by my dear Brother

Richard Preston Prichard M.D.

from the year he went to Canada 1905
to the time when he left Mc Gill University
Montreal to return home at the time of the
World War I when he booked a passage in the
"Lusitania" which was torpedoed off the Old King's
Head, Kingsale, Ireland on May 5th 1915 in
which he lost his life.

I went to Ireland immediately to see if I could find
him or identify him, but all without success.

May God rest his precious soul in peace.

A better son and Brother he could not have
been. These photographs were sent to my
dear Mother, Edna, Gwendoline & me.

He also helped to build the Church.

On August 6th 1957. I, George Mottlyn Prichard
went there with my Joan & I held a Communion
service when about 16. attended, some of

Whom remembered my Brother. I used the
actual Pattern & Plate which my beloved

mother & father & Everett & Olive had sent out
in memory of Preston, after he was drowned

in the "Lusitania" by enemy action 1915.

It was a most moving moment & I broke
down for a few minutes. I erected a plaque to
Preston also - 1957.
